CS 475 (Machine Learning) Spring 2017
Course Feedback

The purpose of this form is to provide you an opportunity to give feedback on the course through the run of the semester rather than just at the very end. Your responses will provide valuable **experience** for an active **learning algorithm** striving to improve its **performance** on the **task** of delivering the course material.

Please share your comments and suggestions regarding the course logistics, syllabus, and content. We also encourage you to share your thoughts about specific lectures on a regular basis. **All responses are collected anonymously.**
